

SONG OF THE JAILOR.
From morn till ev'ning
He's a fixture there in
his dusky room!
Away the mo-ments fly,
And the busy world outside with joyous din
Moves gaily on—but the world within,
In labor, toil and care!
No turn of day he in weary day,
But the wheel that shows his pivot's play,
As he turns his easy chair!

Think! Think! Think!
In the smith's bright forge the fire glows,
But the smith himself the bellows blows—
Unheard the hammers clink;
Not so the fire that lights the brain
Of him who wears the galley chain,
Or makes the prison-gang go!
He must flash with light and glow with heat
With quill in hand his brains must beat—
But never indulge a blow!

Write! Write! Write!
Tho' fancy soars on a tired wing,
She must still her tribute celestial bring,
Nor own a weary flight!
And Reason's powers and Memory's store,
Must prove their strength and bring the lore
Antique, and sage, and mystic;
For those to the utmost thought and particle,
Most go in to-morrow's leading article—
Argument—wit—statistic!

Clap! Clap! Clap!
No "cabbaging" shears his hand doth hold
But these with which the current gold,
By lawful right he'll clip;
The Devil is gone, but he will not fail
Of a prompt return with the morning mail,
A basket full of exchanges—
And then the editor opens and skims—
Accidents—facts—discoveries—whims;
As over the world he ranges!

Paste! Paste! Paste!
With a camel's hair brush and a broken cup
He gathers the scatter'd paragraphs up
And sticks them on in haste!
The Devil appears with a grin and a bow,
Please, sir, they're waiting for copy now.
He says in accents solemn,
The foreman thinks he'll soon inpose
The outside column with scraps of prose,
And the leader may be a column!

Pay! Pay! Pay!
The world's done work on Saturday night,
And bounds with a step of gay delight
To his wife and babes away,
Batroun the Editor, see! a score
Of honest "Jours," who tease him sore,
And may he not be unheeded—
Tho' bright is the wit that can furnish there
The means to free them all from care,
By shelling out the "needful!"

NEVER FAILING RECEIPTS FOR SOAP.
—Soft Soap.—To 25 lbs. of clean fat,
add 16 lbs. potash dissolved in four
buckets of water, and boil it until the
fat is entirely destroyed. This you may
test by taking out some of the soap in a
clean cup, add a little water and let it
cool. If the soap become thicker and
clearer by the addition of water, and
continues so, the soap is done; but
should it become thinner or whitish, the
lye has not combined sufficiently with
the fat, and the boiling must continue
until it can bear the water, until it be-
comes a thick jelly, then let it boil one
hour slowly, when it will be finished
and fit to be barreled. The most fre-
quent cause of failure is, that the lye is
not strong enough for the quantity of fat;
therefore when home made lye is used
instead of potash the lye should be
strong enough to float an egg freely.—
To each gallon of strong lye add three
quarters of a lb. of clear grease; if crack-
ling be used, take one pound to each gallon.
Boil it very fast, and stir it frequently.
A few hours will suffice to make it good
soap.

In the Cultivator, vol. 5, page 124,
Mr. Tomlinson, writing to Judge Buel,
says "his wife has no trouble about soap.
The grease is put into a cask and strong
lye is added. During the year, as the
fat increases, more lye is put in, and all
occasionally stirred with a stick which
is kept in it. By the time the cask is full,
the soap is made ready for use. It is made
hard by boiling and adding a quart of
fine salt to 3 gallons of soap. It is put
into a tub to cool and the froth scraped off.
It is afterwards melted to a boiling heat
and a little rosin or turpentine given
which improves the quality."

THE CAT AND THE MOUSE.—As good
as if it were Esop.—The Nantucket Is-
lander says the following story was told
by a reformed inebriate as an apology
for much of the folly of drunkards:—

"A mouse running about a brewery,
happening to run into a vat of beer, was
in imminent danger of drowning, and ap-
pealed to a cat to help him out. The
cat replied, it is a foolish request, for as
soon as I get you out I shall eat you. The
mouse replied, that fate would be better
than to be drowned in beer. The cat lifted
him out, but the fume of the beer caused
puss to sneeze; and the mouse took re-
fuge in his hole. The cat called on the
mouse to come out—you sir, did you not
promise me that I should eat you! 'Ay,'
replied the mouse, 'but you know I was
in liquor at the time.'"

DR. J. A. NASH
WOULD most respectfully inform the
citizens of Attala and the adjoining
counties, that he has just received from
Cincinnati, Ohio, and will continue to re-
ceive, as they are demanded, fresh and gen-
uine Botanic Medicines, many Compounds
and mixtures of purely Botanic Medicines
that have never before been offered for sale
in this country; and for cash will sell to
families genuine Medicines cheaper than
any Botanic Medicines previously sold in
this country, and for a small fee will give
out such directions with the medicines as
to enable families to manage all ordinary
sickness without the calling of a Physician.
He will keep constantly on hand cathartic
anti-bilious and quinine pills, agree tonic,
cordial for diarrhea, compound syrup of
sarsaparilla, hepatic liquid, No. 6 emetic
unctures, female bitters, &c., &c.

In confirmation of the efficacy of the
above Medicines, when rightly and timely
administered, he would remark, that he
has administered the above Medicines to
upwards of two hundred patients within
the last twelve months, without the loss of
but one single patient, where he attended
from first to last.

It affords me pleasure unspeakable to
console myself with the idea that the suc-
cess that has attended my former practice
bespeaks a glorious and successful future
for
J. A. NASH.

Type at Reduced Prices.
TYPES and all other Printing Materials,
manufactured at CONNER'S United
States Type Foundry, corner of Nassau
and Ann streets, New York, can be had at
18 per cent. deduction from old prices.

The undersigned respectfully inform the
old patrons of the Type and Stereotype
Foundry, formerly known as James Conner
& Co's, and the public in general, that they
are prepared to execute orders for Printing
Types, Presses, Chases, Cases, Imposing
Stones, Ink Frames, and every other article
necessary to form a complete printing
establishment, on as favorable terms, and
of as good quality as any other establish-
ment in the United States.

New prices, per lb. Old prices, per lb.
Agate, 86 cts. Agate, 108 cts.
Nonpareil, 66 Nonpareil, 84
Mignon, 54 Mignon, 65
Brevier, 46 Brevier, 54
Bourgeois, 40 Bourgeois, 46
L'ing Primer, 36 L'ing Primer, 42
Small Pica, 34 Small Pica, 40
Pica, 32 Pica, 38
Borders, Cuts, Brass Rule, and all other ar-
ticles manufactured at this establishment,
at the same reduced rates.

New articles got up to order on being
furnished with patterns.
The type cast at this establishment is
both in the style of face, and the material
of which it is made, particularly for service
in newspaper printing.

All kinds of stereotyping furnished to
order.
N. B. Such newspapers as will copy
the above three times, will be entitled to
pay in type, on making a bill of four times
the amount of the three insertions.

DR. GORDON'S
VEGETABLE ANTI-BILIOUS FAMILY PILLS,
For the cure of Bilious Fever, Yellow Fever,
Remittent and Intermittent Fevers, In-
flammatory, Nervous and Putrid Fever,
Pain in the Head, Side, Back and Stomach,
Inflammation of the Brain, Stomach,
Lungs, Liver, Kidneys, Throat and Chest;
Dropsy, Scrophula, Syphilis, Sick Headache,
Rheumatism, Cholera, Dyspepsia, Hysteria,
Low Spirits, &c.

DR. GORDON'S PILLS are truly the
sick man's friend. No Traveller or
Family should be without them. Their
timely administration will prevent much
pain and suffering, and save many valu-
able lives.

These Pills were compounded by Dr.
Gordon after years of study and careful
observation upon the nature of the different
medicines, and the effect which they pro-
duce upon different constitutions in various
forms of disease. They have been exten-
sively used by some of our most eminent
Physicians, and by many private families
for several years; and such has been the
satisfaction which they have given, that it
is firmly believed that the vegetable king-
dom does not furnish any materials for a
purgative medicine, which surpasses for
general use, those of which these pills are
composed. They do not contain Calomel,
Mercury or any mineral preparation; but
are composed entirely of concentrated vege-
table extracts, carefully prepared and so
combined as to be Certain, Safe, and Easy
in their operation—should it be otherwise,
the stomach and bowels contain foul and
acid bilious matter—showing great neces-
sity for purgative medicine.

These Pills do not require particular at-
tention to diet or drink, and may be taken
at all times when most convenient without
the fear of increased liability to take cold.

It is asserted by many that Fevers, and
in fact all diseases, are caused by an im-
pure state of the Blood. The impurities
which usually pass off by the bowels and
various other outlets, being retained in the
blood, renders it unfit for the nourishment
and support of the different parts of the bo-
dy. This produces disease—and that part
of the system which is weakest is most
easily affected.

The Bowels being the principal channel
through which a great portion of the im-
purities of the system are discharged, it is
evident that whatever acts beneficially on
them must be conducive to health. And as
the Bowels are the most effectual, and in
fact, almost the only way by which a gen-
eral impression can be made upon the sys-
tem, it is perfectly reasonable to suppose,
that nearly all diseases will be cured, or at
least, much benefited by a judicious use of
purgative medicines. If a physician is
called to a patient, what is the first thing
done? He prescribes a dose or two of pu-
rgative medicines; and then, after a day or
two, if the patient is no better, he gives him
another dose of purgative medicine, and
so on; doing some other little things—but
the main reliance for a cure is upon the
effect produced by purgative medicines.—
Therefore if you are sick, delay not, but
take a few doses of Dr. Gordon's Vegetable
Family Pills, and be again restored to
health. For sale by

PETERS PILLS.
If there was ever a medicine that merited
the public praise for the good it has
done in relieving the sick and the distress-
ed, it certainly must be Peters' Vegetable
Pills: it would take a volume to contain all
the complimentary evidence in their favor.
Those who have once tried these pills
know how to appreciate their good quali-
ties. To those who know nothing of their
excellence as a medicine the proprietor
would submit the following letters and cer-
tificates:—

TESTIMONIALS OF CURES.
Had there been but space sufficient, the
proprietor might insert hundreds of letters
under this head, but as it is, he can only
find room for a few of the shortest.

ALBANY, N. Y., Jan. 1, 1838.
Sir—I take much pleasure in bearing
testimony to the efficacy of your pills in
removing bile from the stomach, and in all
complaints emanating from that source.
Yours, respectfully, GEO. HULL, M. D.

Dear Sir—I have made a frequent use
of your pills in the incipient stage of Bilious
Fever, and obstinate constipation of the
bowels, also in the enlargement of the
Spleen, Chronic Diseases of the Liver,
Headache, General Debility, and in all
cases have found them to be very effective.

J. D. BOYD, M. D.

MECKLENBURG Co., Va., Feb. 7, 1837.
Having used Dr. Peters' Pills in my
practice for the last twelve months, I take
pleasure in giving my testimony of their
good effects in cases of Dyspepsia, Sick
Headache, Bilious Fevers, and other dis-
eases, produced by inactivity of the liver.
They are a peculiarly mild, yet efficient
purgative medicine, and produce little, if
any, griping or nausea. I have prescribed
them with much success in sick headaches
and slight bilious fevers.

Extract of a letter by Dr. Joseph Wil-
liams, of Burlington, Vt., July 10, 1837.

"I cordially recommend Peters' Pills as a
mildly effective and in no case dangerous
family medicine. They are peculiarly in-
fluential in costiveness and all the usual
diseases of the digestive organs."

TO PRINTERS.
TYPE FOUNDRY AND PRINTER'S
FURNISHING WAREHOUSE.—The
subscribers have opened a new Type
Foundry in the City of New York, where
they are ready to supply orders of any ex-
tent, for any kind of Job and Fancy Type,
Ink, Paper, Cases, Galleys, Brass Rule,
Steel Column Rule, Composing Sticks,
Chases, and every article necessary for a
Printing office. The Type, which are cast
in new moulds, from an entirely new set
of materials, with deep counters, are war-
ranted to be unsurpassed by any, and will
be sold at prices to suit the times. All the
Type furnished by us is "hand cast."
Printing Presses furnished, and also
steam engines of the most approved pat-
terns.

N. B.—A Machinist is constantly in at-
tendance to repair Presses and do light
work. Composition Rollers cast for Print-
ers.

Editors of newspapers who will buy
three times as much Type as their bills
amount to, may give the above six months
insertion in their papers, and send their
papers containing it to the subscribers.

COCKROFT & OVEREND,

run out, and I will give good bargains to
those who want to purchase, making such
titles as are vested in me by virtue of said
Tax Sales.
G. W. HARLOW,
Kosciusko January, 1846

DR. TYLER'S
VEGETABLE FEVER AND AGUE PILLS.
THE GREATEST REMEDY.
A certain, safe and effectual cure for
Ague and Fever, in all its varied
forms. Also, an excellent Tonic in Dys-
pepsia, Palpitation of the Heart, Loss of
Appetite, Neuralgia, Nervous and other
debilitated condition of the system.

The success of these pills in curing in a
few hours, where all other remedies have
failed, and that too, in cases of twelve and
eighteen months' standing, warrants the
assertion that, if taken according to the
directions, they are a certain cure. A long
list of certificates in proof of their infalli-
bility might be added, but those upon the
directions are deemed sufficient. Try them
and be convinced that they are the most ef-
fectual and most certain, and the very
best remedy ever offered to the public, to
insure a permanent and lasting cure.

BALTIMORE, Dec. 12, 1845.
Having for several years past suffered
under repeated attacks of chills and fever,
especially during the fall and spring
months, I was induced to try various re-
medies, but nothing seemed to be effectual,
until I tried Dr. Tyler's ague and fever
pills, which stopped the chills before I had
taken half the box. This was over a year
since, and I have remained perfectly free
from any symptoms of a return to this
most loathsome disease.

GEO. M. WAIT.

BALTIMORE, Dec. 15, 1843.

Dr. G. K. Tyler:—Dear sir: It is with
great pleasure that I announce to you a
perfect restoration of my health by the use
of your invaluable pills. I had been suf-
fering from Chills and Fever for eighteen
or twenty months, during which time I
took five bottles of Rowand's Tonic Mi-
xture, Dr. Sherman's Fever and Ague Lo-
zenges, Dr. Love's Vegetable Elixir, Kee-
ner's Powders, Barks, Quinine, Thomp-
sonian Medicines, Arsenic, Herbs, and in fact
almost all the popular remedies I could
hear of; and yet received no lasting benefit.
The chills were stopped by Quinine and
other things, but after a few days or weeks
they would return again as bad or worse
than before. Towards the last, the chills
came only every third day, and these were
followed by fever of such severity as to af-
fect my reason, and it was found necessary
for some one to watch with me until the
paroxysm passed off. At last I procured a
box of your pills, and only took four of
them; this so completely stopped the chills,
that I have never had a return of them up
to this time, (nearly two years,) and near a
